- b. **Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in Subparagraph (b) (1), 29 CFR, Section 5.5, the Contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in Subparagraph (b) (1) of 29 CFR, Section 5.5, in the sum of ten (\$10) dollars for each calendar day in which such individual was required or permitted to work in excess of eight (8) hours or in excess of the standard work week of forty (40) hours without payment of the overtime wages required by the clause set forth in Subparagraph (b) (1) of 29 CFR, Section 5.5.
- c. **Withholding for Unpaid for Unpaid Wage and Liquid Damages.** DOT or the recipient shall, upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same price Contractor, or any other Federally assisted contract subject to the contract work hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in Subparagraph (b) (2) of 29 CFR, Section 5.5.
- d. **Subcontracts.** The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in subsections A through D of this Section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in subsections A through D of this Section.
- e. **Non-Construction Contracts.** In addition to the clauses contained in 29 CFR, Section 5.5 (b) or subsections A-D of this Section, in any contract subject only to the contract work hours and Safety Standards Act and not to any of the other statutes cited in 29 CFR, Section 5.1, THE AUTHORITY shall insert a clause requiring that the Contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three (3) years from the

completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, Social Security Number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Further, THE AUTHORITY shall require the Contracting Officer to insert in any such contract a clause providing that the records to be maintained under this subsection shall be made available by the Contractor or subcontractor for inspection, copying or transcription by authorized representatives of DOT and the Department of Labor, and the Contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

58) LIQUIDATED DAMAGES

METRO shall assess a penalty of \$100.00 per week day and \$150.00 per weekend day as liquidated damages in the event the project is not completed on time. The charge so stated is an estimate of METRO's minimum cost incurred due to the system not operating properly. Liquidated damages shall be deducted from the Contractor's last payment request, or invoiced in the event that no funds are owed. The completion date will be set at the beginning of the project.

59) FLY AMERICA (WHERE APPLICABLE)

The Contractor shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Contractor agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

60) CHARTER BUS (Not Applicable)

61) BUS TESTING (Not Applicable)

62) ASSIGNMENT OF OPTIONS (Not Applicable)

63) INSURANCE AND TAXES

The Proposer shall obtain and maintain in full force and effect throughout the term of the contract, such insurance as set forth herein. The Contractor shall assume full financial responsibility for its personnel, including all deductions of Social Security and withholding taxes and required contributions to state and federal unemployment compensation funds. Awarded Contractor shall include all Subcontractors as insured under its policies or shall furnish separate certificates or endorsements for each Subcontractor. All Subcontractors shall be subject to all of the requirements stated herein.

Contractor shall indemnify, hold harmless and defend the public entity, its officers, employees, agents and volunteers against any and all liability, loss, costs, damages, expenses, claims or actions, including attorney's fees which METRO, its officers or employees may hereafter sustain, incur or be required to pay, arising solely out of or by reason of any act or omission of Contractor, its agents, servants or employees, in the execution, performance or failure to adequately perform Proposer's obligations pursuant to this contract.

Contractor shall provide Certificates of Insurance evidencing such coverage to METRO before the commencement of any work under any contract resulting from this proposal.

- A. Comprehensive General Broad Form or Commercial General Liability: \$1,000,000 combined single limits per occurrence and \$1,000,000 annual aggregate covering bodily injury, personal injury and property damage.
- B. Automotive Liability: \$1,000,000 combined single limit per accident for bodily injury and property damage, or split limits of \$500,000 per person/\$1,000,000 per accident for bodily injury and \$250,000 per accident for property damage.

METRO and its officers, employees and agents shall be endorsed to above policies as Additional Insured for such liability as may be incurred on the performance of any Contract resulting from this proposal.

Insurance is to be placed with admitted insurers rated by A.M. Best Co. as A:VII or higher. Lower rated, or approved but not admitted insurers, may be accepted if prior approval is given by METRO's Executive Director.

Each of the above-required policies shall be endorsed to provide METRO with thirty (30) days prior written notice of cancellation. METRO is not liable for the payment of premiums or assessments on the policy. No cancellation provisions in the insurance policy shall be construed in derogation of the continuing duty of the awarded Contractor to furnish insurance during the term of any Contract resulting from this proposal.

These requirements assume that standard insurance policy forms, terms, and conditions will apply to cover the expected risk exposures for the intended Scope of Work. Additional qualifying policy conditions or special endorsements may be specified in a contract resulting from this proposal depending on the final Scope of Work agreed on by METRO and the awarded Contractor. Insurance questions may be directed to METRO's Executive Director for response.

64) INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, as amended, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any METRO requests which would cause METRO to be in violation of the FTA terms and conditions.

65) PUBLIC RECORDS

Under State of Ohio law, the documents (including but not limited to written, printed, graphic, electronic, photographic or voice mail materials and/or transcriptions, recordings or reproductions thereof) submitted in response to this request for proposals (the "documents") become a public record after the procurement process has been completed, subject to mandatory disclosure upon request by any person, unless the documents are exempted from public disclosure by a specific provision of law.

66) GRATUITIES

Neither the Proposer nor any person, firm, or corporation employed by the Proposer shall give, directly or indirectly, to any employee or agent of METRO, any gift, money, or anything of value, or any promise, obligation, or contract for future reward or compensation, during the proposal process or during the performance of any contract period resulting from this proposal.

67) GOVERNING LAW

The Agreement, which may ensue under this solicitation, shall be governed exclusively by the federal laws of the United States of America and the laws of the State. THIS AGREEMENT WILL NOT BE GOVERNED BY THE UNITED NATIONS CONVENTION ON CONTRACTS FOR THE INTERNATIONAL

SALE OF GOODS OR BY THE PROVISIONS OF ARTICLE 2A OF THE UNIFORM COMMERCIAL CODE, THE APPLICATION OF WHICH IS EXPRESSLY EXCLUDED.

The laws of the State shall govern the rights, obligations, and remedies of the parties. Whenever there is no applicable state statute or decisional precedent governing the interpretation of, or disputes arising under or related to, this contract, then Federal common law, including the law developed by Federal boards of contract appeals, the United States Claims court (formerly the Court of Claims), and the Comptroller General of the United States, shall govern. Venue of any action shall lie exclusively in the County of Summit, Ohio. This is the complete agreement between the parties. If any provision of the contract is found to be invalid or unenforceable, the remaining provisions shall not be impaired.

Should either party institute any action to enforce this Agreement, or any provision hereof, the prevailing party in any such action or proceeding shall be entitled to receive from the other party all costs and expenses, including reasonable attorney's fees.

68) VETERANS' PREFERENCE

This subsection shall not be understood, construed or enforced in any manner that would require an employer to give preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or former employee.

69) "RESPONSIBILITY" REQUIREMENTS

In addition to the Common Grant Rules that require contract awards be made only to responsible contractors, Federal transit law at 49 U. S. C. Section 5325(j) limits third party contractor awards to those contractors capable of successfully performing under the terms and conditions of the proposed contract. Before selecting a contractor for award, the recipient must consider such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources. METRO may require prior to the award of a contract documentation of the apparent lowest responsive bidders financial stability.

METRO

(Summit County)

INTRODUCTION

METRO provides transit service throughout Summit County in northeast Ohio and Express service between the cities of Akron and Cleveland. The 2016 population of METRO's service area is 541,372 (US Census Bureau 2016 American Community Survey 5- Year Estimates).

METRO established transit service in 1969. It directly operates a network of 37 fixed routes. Service is provided seven (7) days a week. METRO also offers an express commuter service known as Northcoast Express, to and from Cleveland. This service is operated during peak hours from 6:50 am to 7:20 pm. METRO operates a fleet of 138 buses for fixed-route service. Its vehicle fleet consists of standard 35, 40, and 60-foot transit buses. METRO has a fleet of eight MCI transit coaches used for its commuter bus services. There are also 93 buses for paratransit service.

Space for advertising is available on all METRO revenue vehicles. The interior of the full size buses has overhead areas that are dedicated to advertisement inserts. The exterior of the full size buses offers both sides, including the window area and the rear of the vehicle (taillight area), with certain restrictions. No signage can be placed on the front of the buses due to manufacturer design, however full advertisement wraps are permitted, with certain restrictions. The inside passenger area of the paratransit vehicles are not equipped with sign holders, but vinyl decal type removable signage may be installed.

METRO's average annual advertising sales over the last five years has been \$376,711. This amount includes a projection for 2020 based on sales through August.

SCOPE

METRO is seeking proposals from interested firms to act as an exclusive Contractor for the sale of transit and other advertising in and on buses. The Contractor shall sell and maintain interior and exterior display sign advertising space on all METRO vehicles and full and partial vehicle wraps. Advertising of any other type will not be considered at this time. Items like buildings, shelters, etc. maybe be considered later in the contract term.

The Contractor will propose to METRO ideas on Contractor payments, commissions or whatever process would be beneficial to both parties for payments resulting from the advertising sales. METRO desires to enter into an agreement for services for a Contractor to maximize revenue to METRO while fairly compensating the Contractor for their services.

The Contractor is to administer all approved forms of advertising as well as all aspects of design, development, production, installation, and removal of advertisements. The Contractor will be responsible for the complete management of all necessary and desired components relative to the provision of this advertising program. All advertisement applications must be done at METRO's main campus at 416 Kenmore Boulevard, Akron OH 44301.

METRO encourages proposers to include proven, creative, and executable transit advertising methods and mediums in their proposal, regardless of whether they are specifically mentioned or defined in this scope. METRO seeks a partnership with a firm who will support existing, and propose new, advertising opportunities that will increase revenue and support the advancement of public transit in the METRO's service area.

METRO wishes to establish a professional advertising atmosphere. METRO provides services to virtually every residential and business community in the Summit County area, encompassing a wide spectrum of ages and socioeconomic groups. METRO wishes to include only those advertisements that reflect the level of decorum acceptable in the general community and to ensure that those advertisements displayed are suitable for viewing by all members of the public. METRO must approve any advertisements or

campaigns before they are contracted to make sure they are suitable for METRO and its core values and meet the current or future advertising policy guidelines. METRO will also be included in discussions on any trade agreements and will determine if it is beneficial to all parties involved. METRO reserves the right to approve or not approve them based on marketing criteria and monetary impact.

A percentage of space will be allocated to METRO for its' messaging and for marketing purposes. Coordination of the printing and the space availability will be reevaluated annually. Printing and installation of METRO signs/advertising will be at a discounted rate.

Contractor shall be responsible for all costs associated with the installation, upkeep and removal of all advertising. This includes, but is not limited to, preparing the vehicle for the installation, installation of the advertising material and repairing the vehicle back to the original condition, which may include re-painting or re-decating of the vehicle. Any window or body damage as a result of removing vinyl applications must be corrected by contractor immediately upon removal of expired ad.

Currently, METRO advertisers purchase ads on boards and METRO stores them for future use. If the hired Contractor moves to all direct application advertising, a phased in approach will need to be implemented, as to not displace current advertisers.

To guarantee this expense, insurance coverage or a performance bond shall be included by the Contractor to cover these expenses. Insurance coverage or performance bond shall cover the length of time that the advertisement is on the vehicle from start to finish. This shall also include the length of time for installation and removal of the material, inspection by METRO that the condition of the exterior has no damage after removal of the advertisement.

Should the Contractor use a subcontractor for any part of this procurement, they must be approved by METRO prior to any work being started.

Contractor shall notify METRO three (3) business days in advance should a vehicle need to be removed from service for work to be completed for the installation, maintenance, or removal of advertising. The Contractor will work with the current in-house advertising sales manager to transition accounts to them and address space and billing logistics.

SCAT direct app space (21" x 72) would roughly be roughly 50. METRO will be receiving 38 new SCAT buses April-May next year which will open new space.
- At this point we prefer to start using direct apply vinyl only, but may have buses that still needs boards and frames.
- Installations are preferred between the hours of 6p-6a. Accommodations can be made for other hours on a non-precedent setting basis for special installation needs
- Bids can be submitted electronically by the deadline. There will be no exceptions for late submissions. Hard copies should also be sent to the METRO by the deadline to assist in the agencies review process.
- Service changes currently in place due to COVID-19, i.e. current active/suspended routes, peak active fleet reductions, miles driven, changes in average daily ridership, etc are as follows:
We are operating 81% of our pre-COVID fixed route service. The routes that are temporarily suspended include: x60, circulators (50, 51, 53, 59), DASH, and Grocery. Our ridership is around 50% of pre-COVID levels for line service.

- All prime contractors as well as all subs will need to be disclosed to allow METRO to perform debarment searches, DBE certifications, etc.
- Buses will be washed and dried by the agency with one week advanced notice of the scheduled vinyl installation

- No vinyl can be placed on the front of the bus or the glass part of the front doors where passengers get on and off. All windows on both sides of the bus must use perforated vinyl. There is no limit to the amount of full wraps at any given time.
- The industry standard definition of “Net Sales” addresses advertising space placements only. All design services, art proofs, template construction, marketing tools, marketing customization, material warranty, production, installation and removal fee fees are excluded from the sum upon which the revenue share is calculated. The vendors monthly reporting to Akron Metro shall clearly reflect totals for both space and other categories of sale.
- All new ad campaigns must be approved by METROs Director of Communications/Marketing prior to signing a contract with an advertiser/printing
