#### Reminder: Two NCX Coaches Are Out For Repair

As we reported back in November and you have no doubt noticed: line-service or "city" buses are being used on some NCX runs.

"Why?" you ask. Well, two of our NCX coaches have been sent out for total, wheels-to-mirrors refurbishment.

Work on the buses has begun and could take up to 12 weeks to complete.

Line-service buses will have to make some NCX trips until the coaches' repair is complete.

We know it's not ideal to send line-service buses to Cleveland. However, the alternative - canceling some trips until we have our full roster - is worse.

The latest work estimate came Thursday from the repair facility. We will send out updates as we receive them.

Thank you for your patience as we wait for the return of our cherished coaches. We apologize for any inconvenience.
